Learn how **BIO One-on-One Partnering™**
can increase your ROI on page 10.

Protect Your Passion

Whether you're developing a new cancer treatment, turning algae into energy, or connecting doctors a world apart, what you do is more than a job. The passion of BIO members makes the world a better place. Preventing, treating or curing disease. Delivering renewable, clean energy. Feeding the hungry.

Our passion is to support your company's development by delivering specialized insurance and risk management solutions that minimize loss potential, and protect you from the financial consequences of a loss or lawsuit.

We know your business risks are as unique as your DNA, and our dedicated life science practice is invested in protecting them. Our commitment to and experience in life sciences has earned Chubb the endorsement of BIO. And if you're a member of BIO, or of a state or regional biotechnology association that endorses the program, you're eligible for a product liability and clinical trial liability insurance premium discount in most states.*

For more information on how Chubb can protect your passion, call your independent insurance agent or broker, or visit our website.

Who Can You Meet at BIO 2016?

Attendees from the world's leading biotech, top pharma companies, top CROs and CMOs, and more than 300 academic institutions benefit from networking and educational opportunities at BIO.

More than **1/3** of BIO attendees come from outside the U.S.

Last year, BIO hosted **15,000+** industry leaders including **2,500** CEOs

Morning Keynotes on Tuesday and Wednesday

(Starting at 9:00 am)

Follow us on [@bioconvention](#) to hear the latest on keynote announcements

Extra Half Day of Partnering

Last year we had more than 29,800+ meetings (more than any other year) and we are trending to beat that record again! We've added another half-day of partnering to accommodate demand.

ONE
PARTNERING™
Powered by BIO

Plan to arrive by Monday; learn about the new partnering features on page 11.

Convention Access Lunch on the Floor:

Available for our two premier registration types and offered in the BIO Exhibition and BIO Business Forum.

Diversified Program:

New topics including Brain Health, Clinical Trials, and Biotherapeutic Delivery plus Fireside Chats!

- There's also two exciting new co-located events – Thomson Reuter's Allicence Conference and the Digital Health Summer Summit

Visit page 17 to see a few of our profiled speakers.

Monday Reception at The Exploratorium at Pier 15:

Genentech

A Member of the Roche Group

Join us for an exploration of science, art and human perception—a vast collection of interactive experiences that feed your curiosity.

Wednesday Reception at City Hall:

Join us for a 60's groovie throwback party!

Bristol-Myers Squibb

Shire

To be as brave as the people we help.

Visit [convention.bio.org/schedule](#) for all the details.

Schedule at a Glance

SUNDAY

ARRIVAL DAY.

If you're participating in partnering or educational programming, consider coming in on Sunday to get a fresh start on Monday.

The **BIO International Convention** attracts **15,000+**

biotechnology and pharma leaders who come together for one week of intensive networking to discover new opportunities and promising partnerships.

HERE IS A SNAPSHOT OF YOUR FOUR DAYS:

MONDAY

PARTNERING OPENS AT 1 PM

Educational tracks begin on Monday and BIO's Business Forum opens at 1pm. After a busy day, board a BIO shuttle to the Monday Night Reception at the Exploratorium at Pier 15.

▶ **First time attending?**
Attend our Attendee Orientation for tips on how to navigate BIO 2016.

TUESDAY

FULL DAY OF PARTNERING, EDUCATION AND EXHIBITION!

Our Tuesday keynote starts first thing in the morning. Make time for education sessions and company presentations throughout your week. In the evening, join us for a BIG party on the exhibit floor and network with thousands of BIO attendees at the BIO Exhibitor Hospitality Receptions!

▶ **18+ education tracks and hundreds of company presentations to choose from!**

WEDNESDAY

FULL DAY OF PARTNERING, EDUCATION AND EXHIBITION!

Spend time in the exhibit hall: explore endless innovation in the product focus zones and 50+ international and state pavilions. Then party the night away with us at our Wednesday Evening Reception!

▶ **Don't miss the Imagine Incubator, demos in the Digital Health Zone and Start-up Stadium!**

THURSDAY

FULL DAY OF PARTNERING, EDUCATION AND EXHIBITION!

We are expecting another record-breaking partnering year with more than 29,000+ meetings expected! Start your day with a deal-making Super Session and then head to the BIO Career Fair from 2-7 PM.

▶ **Join Scientific American WorldVIEW for an afternoon Super Session: Biotechnology in the Age of Convergence.**

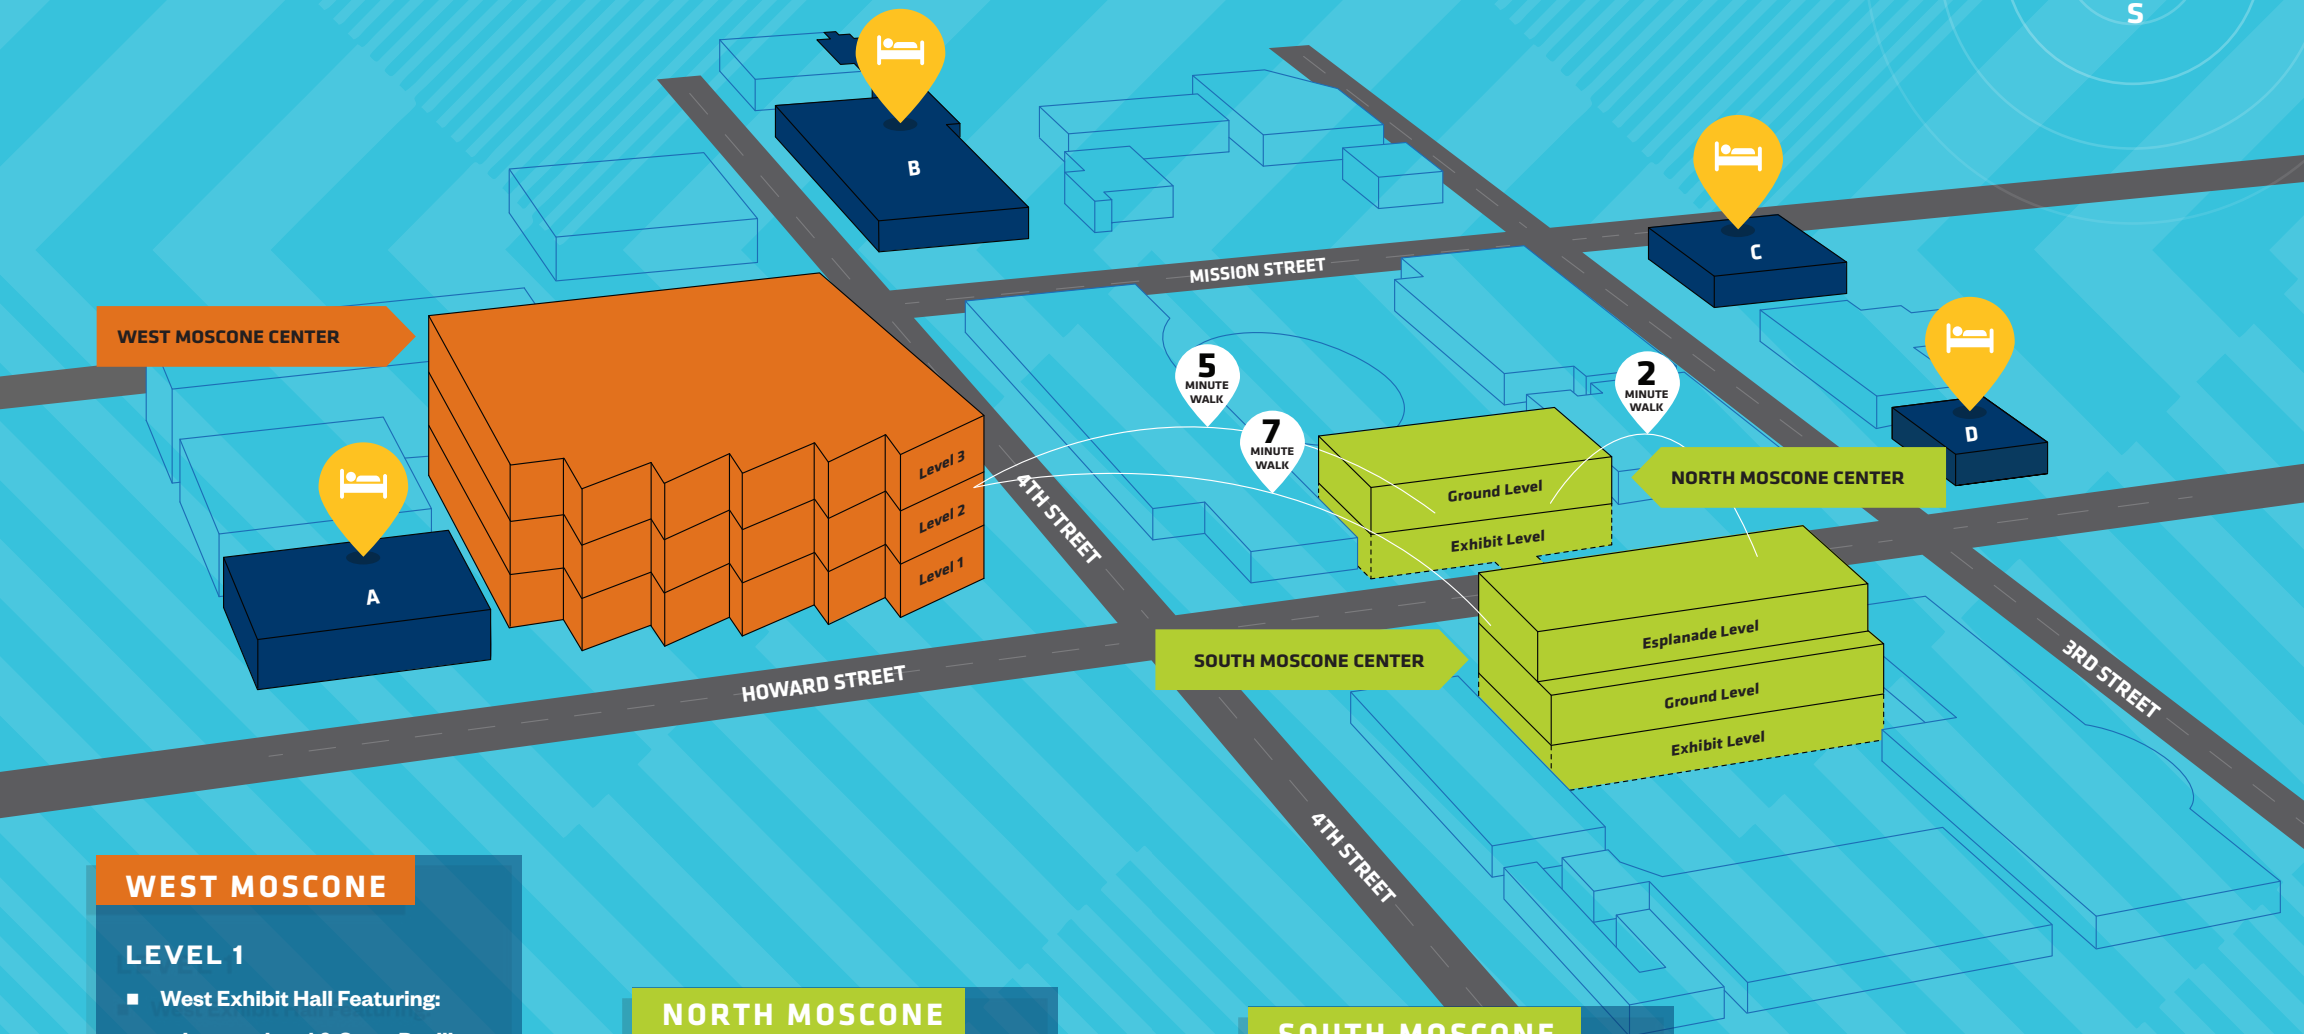

Monday Reception: Exploratorium

Wondering who your company met with in past conferences?

Find out in one central place: Partneringplace
Start using the Freemium version today

Track your company's meeting history

Partneringplace Freemium is an online tool that centralizes conference data from events supported by BIO One-on-One Partnering and EBD PartneringONE.

Activate your homebase

Invite your colleagues to use Partneringplace to collaborate on meetings, enriching your conference history.

Build up your contact book

As soon as you request a meeting, that meeting, plus the related company and contact details are automatically copied into Partneringplace.

Learn more at:

www.inova-software.com/partneringplace-freemium

About Inova

With 15 years of market leadership and over 70 Pharma and Biotech clients (including 40% of the top 50 companies), Inova provides the partnering place designed for the life sciences. Learn more at www.inova-software.com

Fireside Chats

OPEN TO EDUCATION & EXHIBITION REGISTRATION

Fireside Chat with Robert Califf, MD Commissioner, US Food and Drug Administration

Tuesday, June 7, 2016 • 11:00 am – 12:00 pm • Room: West 3011

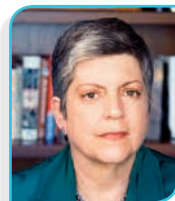

This fireside chat will feature a one-on-one conversation with Robert Califf, Commissioner of the United States Food and Drug Administration and Steve Usdin, Senior Editor with *BioCentury*.

MODERATOR:

Steve Usdin, Senior Editor, *BioCentury*

SPEAKER:

Robert Califf, Commissioner, US Food and Drug Administration

Fireside Chat with Janet Napolitano President, University of California

Tuesday, June 7, 2016 • 2:00 pm – 3:00 pm • Room: West 3011

This fireside chat will feature a one-on-one conversation with Janet Napolitano, President, University of California, interviewed by Jim Greenwood, President and Chief Executive Officer, Biotechnology Innovation Organization.

MODERATOR:

Jim Greenwood, President and CEO, Biotechnology Innovation Organization

SPEAKER:

Janet Napolitano, President, University of California

Fireside Chat with Mark Alles Chief Executive Officer, Celgene

Tuesday, June 7, 2016 • 3:30 pm – 4:30 pm • Room: West 3001

This fireside chat will feature a one-on-one conversation with Dr. Mark Alles, Chief Executive Officer (CEO) of Celgene Corporation. Celgene is a global integrated biopharmaceutical company primarily engaged in the discovery, development and commercialization of innovative therapies designed to treat cancer and immune-inflammatory related diseases. Alles assumed the role of CEO on March 1, 2016 and previously held a number of leadership positions within the company beginning in 2004.

SPEAKER:

Mark Alles, Chief Executive Officer, Celgene Corporation

Value Through Cost-Savings

Super Sessions

Beyond the Cutting Edge: How to Enable Life Science Organizations Today for the Societal Challenges of Tomorrow

Tuesday, June 7, 2016 • 11:15 am – 12:30 pm

Visionary leaders are looking to push the boundaries of conventional industry thinking by addressing the future societal needs presented within an aging and ever increasing global population. These challenges require creating an ecosystem that fosters radical thinking.

This session will discuss how technological advancements in life sciences such as gene editing, precision medicine, digital farming and big data analytics are being used to address future life science challenges — today. In addition to taking a deep dive into how technology will impact life sciences, the panel will also discuss how non-traditional players are already influencing the industry in the areas of big data and digitalization. Thought leaders will explore how to go about creating an agile environment under which unconventional thinking can flourish. Finally, drawing on practical examples derived from personal experiences, the panelists will share important lessons and best practices learned for transferring knowledge throughout organizations in order to benefit future innovation initiatives.

Seeking Healthcare Sustainability: The Economic Role of Drugs and Therapies

Tuesday, June 7, 2016 • 1:30 pm – 2:45 pm

As population's age and the incidence of chronic disease continues to rise, governments and other payers are looking for solutions to make healthcare expenditures sustainable. However, instead of biopharmaceuticals being viewed as one of the most efficient and cost-effective solutions to this looming healthcare crisis, many biopharma therapies – and the companies that make them – are often viewed as one of the main factors contributing to an affordability crisis. To alter this public impression, biopharma companies will need to work with payers, providers, patients and policymakers to develop new models that focus on and recognize value.

The historical biopharmaceutical pricing model which relies on government-driven, unit-based pricing may be too one-dimensional for the current needs of the marketplace. During this Super Session, a panel of healthcare stakeholders will discuss the biotechnology industry's hot button pricing issue and innovative solutions that reward improved health outcomes.

This Super Session sponsored by:

MODERATOR:

Rob Wright, Chief Editor,
Life Science Leader

PANELISTS:

Noubar Afeyan, Managing Partner
and CEO, Flagship Ventures

Kemal Malik, Member, Board of
Management, Bayer AG

Sector Leader, EY

PANELISTS:

Ron Cohen, MD, President and CEO,
Acorda Therapeutics

Michael Sherman, MD, MBA, MS,
Senior Vice President, Chief Medical
Officer, Harvard Pilgrim Health Care

Curative Therapies: Aligning Policy with Science to Ensure Patient Access

Wednesday, June 8, 2016 • 10:45 am – 12:00 pm

In the face of the coming revolution in disease-altering medicines such as gene therapies, our health systems must evolve from chronic management of disease to provision of curative therapies that have the potential to tangibly benefit patients and significantly lengthen treatment intervals. The promise of these treatments creates an urgent need to ensure access for patients, promote an environment conducive to developing new treatments, and manage the concentration of healthcare expenses in a sustainable manner. A diverse set of panelists will tackle the tough questions around curative therapies and discern what changes are necessary for our health care delivery system to meet the challenges they pose.

Healthcare Disrupted: Moving Towards the Patient-Centered, Value-Driven Biopharma

Wednesday, June 8, 2016 • 3:00 pm – 4:15 pm

The global healthcare industry is undergoing a profound and fundamental shift from rewarding volume of sales, procedures performed and patients treated to a focus on improving overall health, patient outcomes and value for the health system. As a result, new models are emerging. Companies with roots in other industries are crossing into the healthcare market with entrepreneurs powered by digital technologies, the promise of growth, profit and bragging rights to expand the definition of “care.”

Industry luminaries will provide an in-depth discussion on sustaining and thriving in this disruptive environment. The session will explore four new business models in action with specific learnings, strategies and steps that you can take to prepare and implement.

This Super Session sponsored by:

MODERATOR:

Susan Schaeffer, Editor, BioCentury

PANELISTS:

John Glasspool, Executive Vice
President and Head of Corporate
Strategy and Customer Operations,
Baxalta Incorporated

Surya Singh, Vice President, Specialty
Client Solutions, CVSHHealth

Deal-Making in the Headwinds: How Will Market and Political Pressures Impact Biopharma Deals in 2016?

Thursday, June 9, 2016 • 10:00 am – 11:15 am

After a record-breaking year for deal-making, 2016 is shaping up to be a challenging year. With increasing scrutiny of pricing practices further magnified in a Presidential election year, mounting pressure on biopharma companies to recoup their investments and a volatile stock market, the industry is facing serious headwinds in the year ahead. Will these challenges have deal-makers cooling their heels in a “wait and see” approach or will they throw caution to the wind and forge ahead, despite the uncertainty?

Session attendees will hear updated findings from two unique, forward-looking measures of deal-making in the industry – the inVentiv Health Consulting Dealmakers’ Intentions Study (formerly Campbell Alliance) and the BIO One-on-One Partnering Forecast. Based on a survey of more than 150 industry executives and business development professionals, Dealmakers’ Intentions provides insight into what will likely drive the industry’s partnering and M&A efforts moving forward and the implications for deal-making over the next year or more. Now in its eighth year, analysis will include year-over-year trends, deal metrics and broader M&A data.

Additionally, a highly distinguished panel of deal-makers will explore the impact these market forces will have on pharmaceutical and biotech companies as they strive to make the next big deal.

Scientific American WorldVIEW Biotechnology in the Age of Convergence

Thursday, June 9, 2016 • 2:00 pm – 3:15 pm

In this multidisciplinary, flattened world, the fields of tech and biotech are coming together like never before. What can they teach each other? And what are the challenges and opportunities conferred by their growing alliances? The Scientific American WorldVIEW Super Session will explore these ideas along with the larger themes of the 2016 edition of WorldVIEW with industry experts, policymakers and preeminent scientists. Co-hosted by Scientific American and moderator by Marketplace Morning Report anchor David Brancaccio, this Super Session, now in its 8th year, will examine global life science innovation in unique and dynamic new ways.

This Super Session sponsored by:

MODERATOR:

Neel Patel, Vice President,
Corporate Development, inVentiv
Health Consulting

SPEAKER:

Sougato Das, Director, Partnering

Can't be in 4 places at once? Add our virtual attendee package to your registration! Visit convention.bio.org/virtual for more information and pricing.

Special Programs and Co-located Events

Executive Training Programs (Advanced and Fundamentals)

June 3-5, 2016 in Moscone West, Rooms 3001/3003 & 3000/3002

The Business Development Fundamentals and Advanced Business Development courses support the activity that takes place at BIO's partnering and investor conferences each year by training individuals who are making the deals that drive this industry. CE credits available. Register at bio.org/exectraining.

Pharmacoeconomics: R&D Strategies in an Era of Drug Pricing Controversy*

June 7, 7:15 am – 8:45 am in South Room 102

Pricing new drugs is the most controversial issue in the industry right now. As biopharma execs plan to wrestle with the growing chorus of criticism over prices, we'll gather top experts in the industry to discuss how real innovation can best be defined with the right kind of development strategy. How do you prove a new drug is worth a premium, to payers, the public as well as your investors? Come to the FierceBiotech Executive Breakfast and find out. Register at: <https://secure.fiercemarkets.com/FierceBIOBreakfast2016>.

FierceBiotech

SelectUSA Investment Seminar

June 6, 8:00 am – 12:00 pm in North Moscone, Room 125

The SelectUSA Investment Seminar will help connect participants directly with biotechnology research and partnership opportunities in the United States. SelectUSA and the US Commercial Service will facilitate connections amongst research institutions, state and local government officials, US businesses and universities, as well as regional economic development agencies looking to start or expand operations in the United States. (Open to all attendees) Add this session to your event plan myBIO.org.

Digital Health Summer Summit*

June 6-7 in Moscone West, Rooms 3022-3024

Co-located with BIO 2016, the Fifth Annual Digital Health Summer Summit showcases the latest digital health innovations from the industry's most brilliant leaders and organizations. Produced by the organizers of the Digital Health Summit at CES, the Summer Summit is an opportunity to explore the most pressing and sometimes controversial questions facing the industry. View the full program and speakers at summersummit.digitalhealthsummit.com.

Alllicense Conference*

June 8 in Moscone South, Room 102

For nearly two decades, the Alllicense Conference has provided a unique forum for dealmaking, licensing and business development professionals to discuss and debate dealmaking trends. Produced by Thomson Reuters, Alllicense 2016 will bring together MVPs from the Pharma, Biotech and Financial communities to tackle today's most relevant issues and shape the future of dealmaking in the BioPharma industry. View the full program and speakers at alllicense.com.

THOMSON REUTERS™

*Separate registration required, visit myBIO.org to add co-located events to your BIO registration.

Next Generation Therapeutics Explained

June 8, 10:45 am – 12:15 pm in West Moscone, Room 3009

Biotech just went mainstream. But, as an industry insider, can you explain how it works? Immunotherapy is on the front pages with President Carter's very public battle with metastatic melanoma. CRISPR is lighting both the scientific and business communities afire in search of bold new therapeutic paradigms.

Keep pace with these shifts in biopharma and join BioTech Primer to learn more about these key technologies in order to become more science savvy. In just two hours, the session will cover gene therapy, CRISPR, antisense therapy, bispecific antibodies, checkpoint inhibitor therapy and CART. This session is specifically designed for the non-scientist.

SPEAKERS:

Emily Burke, PhD, Director of Curriculum, BioTech Primer

Collins Jones, PhD, Biotechnology Expert, Instructor, BioTech Primer

Career Services

Sponsored by: **DELAWARE**
ECONOMIC DEVELOPMENT OFFICE
Right Place. Right Size.

Headshot Lounge†

June 7-9 in the West Moscone Exhibit Hall

Receive high quality photo headshots for your LinkedIn, resume or personal social media accounts. You will be greeted by makeup artists and hairdressers to ensure that you get the "customized head shot" that makes you look great.

Upload your photo to social media or email yourself a copy on one of the iPad kiosks. You will also receive a take home photo printed on the spot.

BIO Career Fair†

June 9, 2:00 pm – 7:00 pm in Espalanade Ballroom, Moscone Center

The BIO Career Fair is free for all Convention attendees and will allow you access to many of the world's leading life science companies. A minimum of a 4-year life science degree OR a community college biotech degree is recommended and military veterans are encouraged to apply.

Visit convention.bio.org/careerfair for more details.

†Open to all attendees

Company Presentations

Learn the breadth and depth of the latest biotechnology innovations. See leaders of companies share progress updates and partnering goals with a new presentation every 15 minutes. **Open to all attendees.**

International Programs

TUESDAY

EMERGING OPPORTUNITIES IN GLOBAL MARKETS TRACK:

- Kicks off with respected business journalist David Brancaccio leading a discussion on critical global trends in the innovative biotech business with senior business leaders, government officials and opinion leaders
- Followed by panels focusing on China, India, Middle East, Turkey and Africa [**SOUTH Africa**, **NORTH Africa**, **SUB SAHARAN Africa**]

WEDNESDAY

- **Emerging Opportunities in Global Markets Track** continues with programming on Brazil, Latin America, Russia, India, Japan and Taiwan, plus a session on cross-cutting localization issues.
- **Global Innovation Hubs** presentations come back this year, where countries or regions give 15-minute “pitches” on why organizations should invest there, either directly or indirectly.

THURSDAY

- **Emerging Opportunities in Global Markets Track** concludes with a full day of program on...
 - Trade agreements
 - Biologics regulations
 - Building a biotech company
 - Lessons learned from APEC countries
 - How multilateral organizations affect businesses

10:30 am – 11:30 am	2016 Scientific American Scorecard Overview
2:00 pm – 3:15 pm	Scientific American WORLDVIEW Super Session, Biotechnology in the Age of Convergence
3:15 pm – 5:00 pm	International Reception

Thank you to these international supporters:

We Enable Science

Specialized opportunities geared towards start-up and emerging companies

In its second year, the Start-Up Stadium provides start-up companies with the opportunity to pitch to key members of the investment community, venture philanthropy groups, and BIO attendees. The investors will provide live feedback and judge the sessions for an exciting and interactive experience.

Open to all attendees

PITCH SESSIONS DATES AND TIMES:

Tuesday, June 7 – Wednesday, June 8

11:00 am – 1:00 pm, 2:00 pm – 4:00 pm

Thursday, June 9

11:00 am – 1:00 pm

Confirmed Companies:

For an up to date list of companies visit <http://convention.bio.org/startup>.

Confirmed Investment Firms:

- Bill & Melinda Gates Foundation
- Faridan
- Flagship Ventures
- J&J Innovation
- Sofinnova
- SR One
- TPG Biotech

Academic Opportunities

As the world's largest biotechnology event, BIO provides several specialized opportunities for the academic and technology transfer community, plus significant discounts! Tech transfer officers, licensing managers, research fellows, faculty, and business development professionals all take part in the BIO International Convention. Attendees from university and research institutions come to BIO for the ample partnering, networking, and education opportunities.

Academic Campus

- KAUST
- Salk Institute for Biological Sciences
- Scripps Research Institute
- Stanford
- University of California, Berkeley
- University of California, Davis
- University of California, Irvine

Sponsored by:

- University of California, Riverside
- University of California, San Diego
- University of California, San Francisco
- University of Southern California
- University of Utah
- Vanderbilt
- Yale

BIO One-on-One Partnering™ for Academics

Academics capture the greatest value by participating in One-on-One Partnering. The partnering system allows you to communicate directly with the people you want to meet with, and all meetings are pre-scheduled prior to Convention. One-on-One Partnering™ allows academics the opportunity to tap the whole world for innovation and collaboration, making partnering at BIO the launchpad for the deals of tomorrow.

Did You Know?

- Academic Institutions average 16 scheduled partnering meetings and have many more unscheduled meetings throughout the convention.
- The top 5 academic partnering institutions (3 international) average 68 scheduled partnering meetings.
- There is a new Academic Campus in the BIO Business Forum (Monday-Thursday)

Education Sessions and Networking Events for Academics

BIO 2016 will host 100+ sessions designed to help you stay up-to-date on industry developments and policies, improve your day-to-day operations and make informed decisions.

▶ Visit our website convention.bio.org/academic

Translational Research Track

Tuesday, June 7

Open to Education & Exhibition Access and higher

The Translational Research Track explores new translational funding, collaboration and licensing models. The track brings a variety of stakeholders from universities, companies and accelerators in addition to federal, state and foreign governments to network and analyze the latest developments in technology transfer. The track also is able to survey best practices and outcomes from partnerships in translational research and explore with the audience ways to leverage a greater return on public investment.

Biotechnology Entrepreneurship Boot Camp

Sunday, June 5: 8:00 am - 7:30 pm • Monday, June 6: 8:30 am - 6:30 pm

Additional fee required**

Biotechnology Entrepreneurship Boot Camp is an intensive, two-day program that walks participants through the necessary steps and skills needed to transform technology and invention into a viable company. Participants can expect a deep dive in strategic thinking in the selection and management of project, planning for expeditious and cost-effective management, understanding the requirements of all involved stakeholders and overseeing the essential components of the commercialization process.

▶ What to Expect at BIO 2016: Attendee Orientation

Monday, June 6, 1:00 pm – 2:15 pm, West Moscone, Room 3004

Open to all attendees

During this orientation session, BIO staff will discuss what's new in 2016, offer tips on how best to maximize your schedule and share insight on navigating the Exhibition Floor and venue as a whole. Attendees will also understand how to leverage the myBIO app and One-on-One Partnering resources to effectively network during the event. Join us and discover how to make the most of your time at BIO 2016!

Networking

Once you arrive in San Francisco, enjoy networking activities designed to help you make valuable connections throughout your four days at BIO 2016. Participate in a variety of receptions and targeted meetups during the day and then continue the conversation well into the evening at BIO's parties. Make sure to check our schedule online and use the handy myBIO app to plan your calendar.

EVENING EVENTS

MONDAY*

WELCOME RECEPTION: EXPERIENCE THE EXPLORATORIUM AT PIER 15

Kick off BIO 2016 with fun interaction + thousands of your friends! The Exploratorium is a unique experience you can only find in San Francisco! Join us for an exploration of science, art and human perception—a vast collection of interactive experiences that feed your curiosity.

TUESDAY

BIO EXHIBITOR HOSPITALITY RECEPTIONS

See the BIO Exhibition transition to a “Biotech Party Around the World.” Experience the sights, sounds and flavors that represent the international and professional diversity of the BIO audience at the BIO Exhibitor Hospitality Receptions. Open to all attendees.

Sponsored by:

Genentech
A Member of the Roche Group

Sponsored by:

Bristol-Myers Squibb

Shire

To be as brave as the people we help.

WEDNESDAY*

BIO SUMMER OF LOVE PARTY AT CITY HALL

Our Wednesday night party is always an attendee favorite! We are taking you to one of San Francisco's coolest venues for a night you won't forget! The summer of 1967 put San Francisco on the map as the epicenter of the hippie movement and counterculture. At BIO's Summer of Love Party you'll travel back to that special time where flower power patterns, vibrant funkadelic colors and groundbreaking music captured the imagination of the country.

Follow us on Twitter @bioconvention for an advance preview of the location announcement.

*Open to Convention Access and higher

TIP: BIO provides the transportation to and from our offsite evening events! Learn more about the parties and venues at convention.bio.org/receptions.

Exhibition Overview

Imagine an infinite number of solutions in one location.

For a complete list of exhibitors in each Product Focus Zone, visit mybio.org/exhibitor.

BIO Process Zone

Find the latest products and services impacting the development and manufacturing chain. Don't miss presentations in the BioProcess Theater on Tuesday and Wednesday. Exhibitors include:

- CMC Biologics
- Fujifilm Diosynth Biotechnologies
- Goodwin Biotechnology
- Samsung Biologics
- WuXi AppTec

Business Services Zone

Are logistics getting in the way of your growth? Identify partners who can help you get things up and running smoothly. Exhibitors include:

- Cote Orphan, LLC
- Medix Scientific + Clinical Research
- Nordic Patent Institute.

Contract Services Zone

Meet suppliers who can handle early stage research, expedite small to large-scale manufacturing or streamline the clinical phase for you. Exhibitors include:

- BRI Biopharmaceutical Research Inc.
- Charles River Laboratories
- Cytovance Biologics, Inc.
- GlaxoSmithKline Biopharmaceuticals
- IMS Health
- Patheon

Discovery Zone*

Explore the techniques and tools you need to develop your discovery and take it into production. Exhibitors include:

- American Association for Cancer Research
- Boehringer Ingelheim Pharmaceuticals, Inc.
- Medchembio

Digital Health Zone*

Meet with companies that can help you develop and meet the demand for cost-effective, patient-centric solutions. Exhibitors include:

- Cambridge Cognition
- Humetrix
- Merge, an IBM Company
- NeuroMetrix
- Validic

Have you read our eBook? Visit convention.bio.org/digitalhealth for details!

Innovation Zone – more than 100 companies to visit

A hot zone of opportunity. These promising new companies have received Small Business Innovation Research (SBIR) Phase II grants of \$1-3 million to engage in R&D with the potential for commercialization. Exhibitors include:

- Agile Sciences
- IMBED BIOSCIENCES
- JBS Science, Inc.
- MicroDevice Engineering, Inc.

Patient Advocacy Pavilion

Join 40+ patient advocacy and venture philanthropy organizations for vibrant networking and BIO One-on-One Partnering™ meetings. Participants include:

- JDRF
- Leukemia & Lymphoma Society (LLS)
- Alzheimer's Drug Discovery Foundation

BIO Member Services Pavilion

Leverage your BIO membership with significant savings and special terms through your BIO Business Solutions program.

- Savings of up to 75% from list on Laboratory Supplies, Equipment & Chemicals
- Uniform and facility service savings of 30%-50% with fixed pricing for 3 years
- 10% premium credit on Clinical Trials Liability Insurance
- And many more

*Exhibit space still available. For a complete list of exhibitors visit convention.bio.org/exhibit.

Don't miss our Meetup in the Digital Health Zone, Moscone West Booth #7541 from 3:00 pm – 4:00 pm

Exhibition Highlights

BIO Exhibition: Tuesday, June 7 – Thursday, June 9

The BIO International Convention is 150,000 square feet and features:

- ✓ **1,800+** Exhibitors
- ✓ **55** State and International Pavilions
- ✓ **8** specialized product focus zones
- ✓ **2** BIO Business Forum locations for BIO One-on-One Partnering™
- ✓ **NEW!** Imagine Incubator
- ✓ BIO Buzz Center, Meet Ups, Headshot Lounge, Social Photo Booth, Pedometer Contest, (and so much more!)

NEW THIS YEAR!

Lunches will be served in the BIO Exhibition on Tuesday and Wednesday. *Open to Convention Access Attendees and higher.*

Meet 100 innovative companies that have received SBIR funding from NIH and NSF in the Innovation Zone in the West Exhibit Hall!

Don't miss the return of the Start-Up Stadium! Watch start-ups give their best pitch to investors. Visit convention.bio.org/startup.

Register & Travel

When you book with BIO, your hotel reservations, personal data and privacy are protected and secure. Accommodation requests are processed on a first-come, first-served basis and are based on availability.

**Official Housing
Partner**
ONPEAK

1

Convention Access & Partnering

Starting at \$2,200 for members

If identifying business opportunities is your main objective, leverage BIO's One-on-One Partnering™ system to identify potential partners. Schedule meetings and connect with companies before, during and after BIO 2016. Plus, get all the benefits that come with Convention Access.

2

Convention Access

Starting at \$1,200 for members

Do you want complete access to networking, keynotes and hundreds of sessions and super sessions? Register for Convention Access. You'll get access to 3 evening events, 2 keynotes, 6 super sessions, 18 education tracks, 200 company presentations.

3

Education & Exhibition Access

Starting at \$720 for members

Is education your top focus? With hundreds of sessions from digital health to business development to brain health to international trends! We'll provide you with the tools to browse and plan your perfect four days of education! Plan to arrive Monday for our Special Programs.

Book Your Housing with BIO

40+

hotels to
choose from

Visit convention.bio.org/register for more
information on complete packages.

Visit San Francisco

The BIO International Convention is headed to the birthplace of biotechnology for 2016! The Golden State is the home of many firsts for the life sciences sector – the first biotechnology company, the first biotechnology public offering, the first biotechnology drug approved by the FDA, the first companion diagnostic company and the first agricultural biotechnology company – just to name a few.

Travel to BIO 2016

San Francisco International Airport (SFO) offers nonstop flights to more than 31 international points on 30 international carriers. Located just off I-80 and blocks from Union Square, Moscone Center is about as central as it gets in San Francisco. It's walking distance to hotels, restaurants, museums, attractions, public transit and more.

- San Francisco is ranked as one of the top walking cities in the U.S.
- Hop on a cable car to navigate around San Francisco and get to and from Moscone Center

Hotel Information

BIO is pleased to provide attendees with 40+ hotel options with most hotels within a mile of Moscone Center in San Francisco. Space is filling up quickly!

- BIO guaranteed the lowest rates with automatic rate adjustment on your reservation
- Top-notch customer service and support before, during and after the event

Hotel Reservations

Please note onPeak is the only official housing company associated with the 2016 BIO International Convention. Your hotel reservations, personal data and privacy are protected and secure. Accommodation request are processed on a first-come, first-served basis and based on availability.

For a full list of hotels, visit convention.bio.org/book_housing

Two ways to book housing with BIO:

ONLINE – convention.bio.org/book_housing
EMAIL – BIO@onpeak.com

Official Housing
Partner
ONPEAK

BIO Shuttle Buses

We will offer complimentary shuttle bus service to official BIO hotels that are not walkable to the Moscone Center. Additionally, BIO will offer transportation from the Moscone Center and BIO hotels to select networking events.

More information about the Shuttle Schedule will be made available closer to the event. **Check back at convention.bio.org for more information!**

View the shuttle
schedule on our event
app, myBIO. Download it
in the Google and Apple
Store.
