MICROSCOPES AND IMAGING SOLUTIONS

Technical Instruments (TI) has been the leading microscope dealer in Northern California for more than 50 years. We offer a complete line of microscopes and microscope accessories from several manufacturers. Our repair team has worldwide experience servicing all types of the leading microscopes brands.

Our microscope preventative maintenance service procedure includes:

- Cleaning the Stand
- Cleaning the Objectives
- Cleaning the Eyepieces
- Cleaning the Stage Assembly
- Cleaning the Condenser
- Cleaning, Checking, & Aligning the Light Sources
- Cleaning & Checking the Optical Paths
- Cleaning & Checking the Video/Camera System (if applicable)
- Aligning Kohler Illumination and fluorescent lamp housing
- Checking Lubrications
- Checking Optical Quality
- Advise/Recommending replacement parts or upgrades as necessary

We offer experienced, professional service daily to repair and maintain your optical equipment. We are able to provide maintenance and service agreements/contracts/quotes that can avoid critical downtime periods, insuring longevity and retaining the original precision of your equipment. Our facility is conveniently located in Burlingame, CA.

Please feel free to contact TI via phone/fax/email for email for service price quotes, or to discuss your current microscope service needs!
